Pilot's Guide

The Pilot's Guide to
Mexico's Yucatan Peninsula

includes current
U.S. and Mexican
laws and regulations
that apply for making
private flights to and
within Mexico and back to the

U.S. It also includes verified airport
information and color aerial pictures for
airports in the Yucatan Peninsula
and Mexico's Gulf coast region
to the Texas border.

Customized Vacation Planning

With our Vacation Planning services, you can leverage our in-country expertise to develop your own custom flying vacation with an itinerary that meets your individual interests and needs. You will receive recommendations and pricing on lodging, restaurants, activities and transportation and we will book them for you on request. Pilots will also benefit from a pre-flight planning consultation to review pertinent aeronautical information. In addition, we will advise the appropriate airport authorities in advance of your intended arrival. With your final trip itinerary we will provide a number where you can reach us in case of a travel emergency.

Fly Mexico & the Bahamas!

Escorted Fly-Ins *For pilots interested in exploring new and exciting destinations accompanied by Caribbean Sky Tours, we offer all-inclusive escorted group trips to exclusive destinations in Mexico and The Bahamas. We meet the group at a convenient departure point in the U.S and fly along with you throughout the entire trip until you are back in the U.S. Benefit from the convenience of traveling with experienced natives to the region who will take care of your paperwork, lodging, ground transportation and more. Share the fun with fellow pilots!*

Caribbean Sky Tours

Sharing a combined passion for travel and aviation has allowed us to discover many unique and rarely traveled destinations that can be easily reached with private aircraft.

Our relationships with in-country government officials and service providers throughout the region allows us to provide our customers with an unsurpassed level of service for both destination and aeronautical planning.
